FAQs

Will installations be done prior to the end of my bulk installation period?

Yes, we will be installing everyone's services prior to the end of the installation project.

I am a seasonal resident and will not be back before you finish your installations. What should I do when I am ready to return?

Seasonal residents can be installed when they return. Simply call Blue Stream seven days prior to your arrival.

How long will the installation of my Blue Stream services take to complete?

On average, the installation will take anywhere from 2-3 hours per home to complete.

What will you be doing during my install?

Our technicians will install your bulk services and any additional services you requested. This will include the set-up of your wireless devices as well as the programming of your remote controls.

Where will your equipment be located in my home?

The Blue Stream Wireless ONT will be located at a central location in your home and/or where your previous modem/router was located. Cable boxes will be placed in the same location where your televisions are located.

What do I do with the equipment from my former provider?
